June 30, 2021

Good afternoon, IBEW Local 46 Family!

As you may have heard, Governor Inslee has made an announcement that the State will move closer to a full re-opening.

The Washington State Department of Labor & Industries has additional guidance that does not align with the Governor's announcement.

These details are under review and will become clear over the next couple weeks.

In the meantime, our IBEW Local 46 Covid protocols and plan shall remain in place until further notice.

We respect everyone's choice on whether they decide to be vaccinated or not, and we respect everyone's right to privacy.

We also must continue to take safety very seriously.

We have been very fortunate to have maintained little exposure during this pandemic and have avoided most serious infections.

In addition, we must remember the pandemic is FAR from over, as NEW variations continue to grow in strength.

So, until further notice, the IBEW Local 46 current anti-Covid plan shall remain in force and in full effect.

Masks and physical distancing shall be required for access to the building, and for attending ALL classes, meetings, and other events in the building.

If you have any questions, please contact our Covid Supervisor, Warren Shill at warren@ibew46.com.

Solidarity Forever,

Sean Bagsby
